

Mk1™

Performance Protective Eyewear

The Ultimate Eyewear for Elite Forces

Mk1 eyewear combines Gentex Corporation's 50 years experience in high performance optics manufacturing, the fundamental design principles of Gentex's Ops-Core® brand, modularity and scalability, and user-driven design. Available in a variety of colors, with interchangeable lenses, this modular eyewear supports any mission, protecting the wearer's vision and helping enhance and maintain their operational performance.

Designed for elite defense, law enforcement, and security personnel, this advanced modular eyewear offers varying levels of protection to support any mission.

KEY FEATURES

Stable, Secure Attachment, Use, and Storage

Ops-Core Mk1 eyewear embodies Gentex Corporation's 50 plus years experience in the design and manufacture of high performance optics for military aircrews and premium eyewear OEMs.

- In conformance with an abbreviated and modified ANSI-Z87.1 for optics and impact performance in accordance with Ops-Core Mk1 Performance Specification PS-1310
- Genuine Gentex manufactured lenses offer the highest quality and levels of protection
- Lenses currently available in Clear, Tint, High Contrast, and Laser Dazzle (Gentex patented lens technology for maintaining see-through color perception while providing necessary protection from green and blue commercial lasers)
- Future lens options include Advanced Laser Eye Protection (ALEP), Ballistic, and Variable Light Transmission

Mission Configurable

Protect vision and enhance and maintain operational performance with the unique lens insert system, which allows for quick and easy mission configurability to tailor protection to specific threats or conditions faced.

Highly Durable

Constructed of high quality aluminum, Mk1 eyewear is produced to perform in and withstand some of the toughest environments on earth.

User-Driven Design

Staying true to the modular/scalable Ops-Core design philosophy, this sleek eyewear is available in four colors: Black, Tan, Green, and Gray.
